SITUATION IN CHINA

Absorbs the Attention of Statesmen in Both Hemispheres.

BATTLE WITH BOXERS IS REPORTED

Minister of the United States Is Instructed as to His Duties to Protect American Citizens and Their Property.

Washington, June 8.—The following cablegram was received at the navy department from Admiral Kempff on board the Newark, off the Taku forts: "Battle Thursday between Chinese and 'Boxers' near Tien Tsin. Large number of 'Boxers' expected to reach Tien Tsin soon."

Minister Conger at Peking also has been heard from. His message to the state department said there was no improvement in the situation and asked for instructions. It was not deemed proper by the officials to indicate upon just what point Mr. Conger needs advice, but there is an intimation that he wished to know to what extent he is to co-operate with the diplomatic representatives of the European powers at Peking. Secretary Hay took the message to the cabinet meeting where the answer will be framed.

The state department is steadfastly pursuing the line of policy laid down at the beginning of this "Boxer" trouble, of avoiding any interference with Chinese internal affairs beyond such measures as may be absolutely necessary for the protection of life and property. Especially is it determined to avoid commitment to the policies of any of the European powers which might involve the United States in trouble.

Therefore notwithstanding the ominous news conveyed in Admiral Kempff's cablegram, it seems entirely probable that Minister Conger will be directed to stick to the same line of policy which he has pursued up to date.

Thus at Taku, Admiral Kempff is acting in a similar manner to the commanding officers of the foreign navy there assembled, although his orders are subject to the approval of no one.

At Tien Tsin, 40 miles up the river, which the admiral expects to be attacked any hour, the foreign naval commands are acting together. It is said that in case of an emergency involving jeopardy to the lives of foreigners, the United States forces at Tien Tsin might even be directed in their general movement by the senior naval officer ashore, even though that officer should happen to be a German, a Russian, a Frenchman or an Englishman. This temporary subordination of authority must be brought about and in fact would exist solely through a military exigency.

Attack on Tien Tsin.

If Tien Tsin is to be attacked by a vast horde of "Boxers" it is entirely conceivable, according to military practice that a successful defense of the foreign lives and property in the city can be maintained only through the assumption of the command of the foreign naval forces by one competent officer; too many captains may mean defeat.

In view of this possibility, the assumption of the command of the American forces ashore by Captain McCalla may be significant. It is an unusual course for a captain of a ship himself to take command of a landing party as has been done by Captain McCalla. His rank would correspond with that of a colonel of marines, and it may be that he would himself be the senior officer at Tien Tsin and thus be obliged to assume command of the defense and direct the operations of the European naval parties landed there.

The naval officers here are confident that Tien Tsin proper is not in particular danger. The gunboat Helena will soon have the town under arms, and there are believed to be three foreign warships in position to co-operate.

Almost the only subject before the cabinet meeting was the situation in China. Secretary Hay stated after the meeting that a reply would be sent to Mr. Conger substantially reaffirming the one sent a day or two ago to the effect that he will be expected to do whatever is necessary to protect the lives of Americans and their property and to maintain the dignity of this government. He will be instructed to form no alliance with any government.

FOREIGN POWERS

Will Likely Act in Union to Suppress Chinese Riots.

London, June 8.—Dispatches from the far east show apparently no cessation of the Boxers but the powers are gradually feeling their way to common action for the suppression of the disorders. It is believed that when the Dowager empress realizes the firm in-

tention to check her connivance in the anti-foreign movement there will be a speedy end to the rioting, for if the Chinese acted in good faith they could easily quell the rabble, which is armed chiefly with spears, agricultural implements, a few swords and some old rifles.

Additional Russian and Austrian troops have arrived at Tien Tsin, and the German cruisers Hansa and Gefion have started from Kia Chou for Taku with marines intended for the same destination.

The fact that much needed rain has fallen is expected at Tien Tsin to have a good effect in accelerating the suppression of the rising as the farmers in the movement will return to their ordinary pursuits.

PRESIDENT M'KINLEY
Decides to Postpone His Visit to Ohio For a Time.

Washington, June 8.—It seems probable that the president will not go to Canton until the latter part of the present month and certainly not until after the national Republican convention which meets in Philadelphia June 30. A large number of letters have been received at White House from political organizations in different parts of the country stating it was their intention to stop in Washington for an hour or two on their way to the Philadelphia convention to pay their respects to the president. Under these circumstances the president has decided to remain here.

Official Inquiry Desired.
New York, June 8.—Arthur J. Browne, secretary of the Presbyterian board of foreign missions, has sent the following letter to Secretary of State Hay: Our board has 58 American missionaries in the Shang Tung provinces, China, 16 in Peking and 10 in Pao Ting Fu, 84 altogether, besides, of course, large property interests. According to the telegraphic dispatches some missionaries have recently been murdered. A cabled inquiry of our own to Peking has brought no reply. I therefore venture to ask you to inquire by cable, through United States Minister Conger, whether the American missionaries are safe."

About Bryan Delegates.
Chicago, June 8.—Keen interest is taken by officials at national headquarters in the report of state conventions. Up to date 24 states have held conventions. Of these 22 representing 436 delegates, have instructed for Bryan. Maryland and New Jersey are unpledged, the former having 16 and the latter 20 delegates. Bryan now lacks only 30 instructed votes of having a majority of the convention delegates. The nominee must receive two-thirds of the entire vote. Bryan, therefore lacks 184 votes of a nomination on the basis of 184.

Last Day for Club Women.
Milwaukee, June 6.—The morning of last day of the Club Women's convention was devoted to a short business session and four simultaneous literary sessions. One was devoted to opportunities of the federation with Mrs. Sarah Platt Decker of Denver in the chair. Among the speakers were Mrs. Coonley Ward of Chicago, Mrs. Elizabeth Ballard Thompson of Grand Rapids and Mrs. Harriet U. Towne of Omaha.

Boer Laager Located.
Hammoua, Orange River, Colon, June 8.—General Rundle made a strong demonstration against the Boer positions, employing 500 of General Brabant's Queenstown Mounted Rifles, two guns and the Cape Mounted Infantry, under Colonel Dalgetty. The Boer outposts were driven back and their laager was located, but the troops returning without a battle.

Another Rebellion.
Victoria, B. C., June 8.—According to news from the Orient brought by the steamer Idzuma Maru, a rebellion has broken out in four southern provinces of China—Kwang Tung, Kiang Si, Kule Chow and Hunan. The rebellion is reported by the Shanghai papers to be under one leader and an American is rumored to be one of the leading spirits.

Warren at Campbell.
Cape Town, June 8.—General Warren with a strong force, including the Canadian artillery, is reaching north through Griqualand west. He encamped at Campbell, no opposition being offered. Numbers of the Dutch are handing in their arms to the British commander.

One Man Killed.
Terre Haute, Ind., June 8.—A box of dynamite at the plant of the Indiana Powder company at Fontanet exploded. It was 200 feet from the main building and the detonation did not explode other dynamite on the premises. Fred Reid a workman was killed.

STATE PAPERS FOUND.

Documents of the Filipino Government Seized on a Cliff.

THE CORRESPONDENCE WITH DEWEY

General Otis, En Route From the Philippines to Washington, Is Met by His Wife and Daughter at City of Chicago.

Vancouver, B. C., June 8.—A copy of the Manilla Times received by the Idzuma Maru tells an important discovery of insurgent documents and other articles which have been hidden by the Filipinos. It says on May 29 General Funston was making a personal reconnaissance with 18 troopers in the direction of Bongabon and Contabagan, up the Rio Grande de Pampanga, when he discovered a perpendicular ladder leading up a cliff crowned with a dense forest. Beside the ladder hung a rope which, when pulled, rang an alarm bell in the woods back of the precipice. The general and his men ascended the ladder and found 30 or 40 large wooden cases crammed full of state documents, comprising most of the archives of the Filipino government.

The documents were the principal prize. After as good an inspection as circumstances permitted, General Funston set aside several tons of useless rubbish and burned it on the spot, saving the state papers.

These comprise all the correspondence of Aguinaldo and his chief officials from the time of their earliest dealings with Dewey down to the hurried migration from Malolos (archives subsequent to that date, were, it will be remembered taken at Tarlac in the middle of last year.)

There are letters to and from Wildman and Dewey besides several business firms in Manilla. Aguinaldo's own letter book, giving press copies of everything he wrote, is also here. It is rumored that the correspondence shows a firm in Manilla to have had relations with the insurgents hitherto unsuspected.

The whole cache was ingeniously hidden among the trees in the ravine and roofed over heavily with nipa to an unusual thickness. The structure made quite a big warehouse, with not an inch of space vacant. It was found later that there were other approaches to the cache just like the one described with alarm bells everywhere.

GENERAL OTIS

Chicago, June 8.—Major General E. S. Otis of the United States army arrived from San Francisco and Manilla and left at 10:30 for Washington. Mrs. Otis and her daughter arrived in Chicago and the general and his wife and daughter spent the hours between trains together—the ending of a separation of two years. General declined to enter into a detailed interview saying it would not be consistent with his position as an officer to enter into any extended discourse regarding the situation in the Philippines before reaching Washington.

"I left the Philippine situation in the best of hands," he said. "The officers are all able men and well qualified to cope with the different questions that may arise. The war is over. This guerrilla warfare can't last long. To be sure, we will have to suppress those people for a number of years, but there is no organized force of Filipinos. The depredations that are now going on are conducted by robbers and drones. The United States troops are now engaged in defending the inhabitants of the Philippines against the robbery and murder committed by their own people."

"We have 55,000 effective troops under arms in the Philippines. Estimates regarding the number of inhabitants in the islands are all wild, but the number is considered to be between six and seven million. The great majority of the people desire peace and wish to again take up their business pursuits."

"I don't know where Aguinaldo is. I never saw him personally. It is possible but not probable that Aguinaldo is in the Cagayan section of Northern Luzon. It is a rough and mountainous country and sparsely settled. At first he was regarded by his people as a leader, but of late he is losing prestige and is not held in such high regard."

"I can not see that the administration or our distinguished secretary of war has made any mistakes in this campaign. We may have made mistakes over there, but if so they have been the result of human liability to commit error."

MORE LINES

Will Be Operated at Night by St. Louis Tran-It Company.

St. Louis, June 8.—Owing to the success which cars were run over the main branch of the Lindell division of the Transit company's system during the night General Manager Baumhoff has decided to open up three other lines at night. He says that cars will probably be run over the Olive street, Laclede avenue and Park or Compton avenue divisions. Police will guard the cars and deputy sheriffs will patrol the thoroughfares through which they pass.

It is one month ago since the strike began, and Mr. Baumhoff claims the Transit company will have all its lines in operation in the day time except the southwestern. About half the usual number of cars are running. Mr. Baumhoff says it is too dangerous for passengers to ride over the southwestern line at present and for that reason it has not been reopened.

A special train arrived from the east carrying 250 experienced motormen and conductors. It was stated that at least 15 had deserted along the road. This was denied by representatives of the Transit company.

Chief of Police Campbell said that he favored the ordering out of the state troops and preferred them to the posse as the troops are disciplined and armed and know how to use weapons.

It is reported from Jefferson City that Adjutant General Bell had begun preparations for calling out the militia.

The application of John J. McCann for a writ of mandamus commanding the St. Louis Transit company to operate its cars according to the requirements of the various ordinances made for their regulation was denied by Judge Talty. The court's decision was

based on an irregularity in the pleadings and the merits of the case was not considered.

Annie Sweze, Annie Klasel and Mary Tritina, three girls who on May 30, participated in the assault on Miss Hensel, and tore her clothes off because she had taken a ride on one of the Transit company's cars were each sentenced to two years' imprisonment in the reform school by Judge Clark of criminal correction. A warrant has been issued for the arrest of Saloon-keeper Schumacher, who it is charged, refused Miss Hensel refuge from the mob.

Ex-Governor Stone, representing the strikers and ex-Judge H. S. Priest, one of the Transit company's attorneys, met at 10 a. m. for the purpose of reaching some agreement that would be acceptable to both sides of the controversy.

Dewey at Detroit.

Detroit, June 8.—The flags and bunting which decorated public and private buildings and many residences were spoiled by rain, which fell intermittently through the morning. Notwithstanding the inclement weather there was a great crowd at the Michigan Central station when the admiral's special train rolled in. The noise of the cheering mass of people was augmented by the booming guns of the U. S. S. Michigan firing her admiral's salute. Screaming sirens of steamers and factories for miles around increased the din. Admiral Dewey and party will be the special guests of the Fellowcraft club.

Plates of Solar Eclipse.

Washington, June 8.—A number of the photograph plates of the solar eclipse taken by the scientists of the United States naval observatory have been developed with satisfactory results. Whether or not they will add anything to the stock of astronomical knowledge must await a careful study of each photograph and at present nothing can be learned on this point.

Owing to the prevailing high temperature it has been found very difficult to develop the plates and it probably will be several days before this work is completed.

New Incorporations.

Columbus, O., June 8.—Stanwood Cemetery association, Stanwood; Cambridge Mining Car company, Cambridge, \$25,000; First Congregational Church of Marblehead; Union Realty company, Toledo, \$10,000; Alaskan Co-Operative Mining company, Cincinnati, \$10,000; Champion City Benefit association, Springfield; Flinch Shoe company, Springfield, increase from \$10,000 to \$25,000.

Tien Tsin, June 8.—It is reported from Chinese official sources that 4,000 Boxers surrounded 1,500 Chinese troops between Lofa and Yong Tsin and according to the latest news fighting is still going on. Officials say that 500 Boxers were killed, but give no account of the Chinese casualties. Thirty of General Nieh's troops encountered a body of Boxers three miles from here on Taku road and killed 21 of them.

AWFUL MINE ACCIDENT

Occurs to Two Hundred Coal Diggers in a Shaft at Gloucester.

CAUSED BY AN EXPLOSION OF GAS.

It is Reported That Several Men Were Killed Outright and Many Others Succeeded in Gaining Their Liberty.

Gloucester, O., June 8.—By an explosion of gas in mine No. 2, a colliery near this city four men are reported to have lost their lives.

Two hundred miners were imprisoned. One hundred and seventy-five have been rescued.

The following are reported dead: Evan Joseph, fire boss; John McClelland, miner; Aron Swanson, miner; John Evans, miner.

The following were removed unconscious, from the effects of afterdamp Lewis Jones, jr., William Harris, Morgan Lewis, William Nash, William Crombie, John Walsh, George Rodgers, Evan Hamilton. Shortly after 7 a. m. when the mine was filling up with workers who had descended by means of the cage of No. 2 shaft, an explosion of gas occurred which broke the timbers of the mine in every direction. The air fans were disarranged and it was some time before any progress was made toward opening the way for the rescue of the imprisoned men.

Fire Boss Joseph went through shaft No. 6 which connected with the one where the explosion occurred. He made his way through a connecting gangway and it is supposed was overcome by the afterdamp which followed the explosion and was unable to make his way back to the fresh air.

Rescue parties were immediately organized and followed the way taken by the fire boss. They found a party of eight men near the connecting gangway and carried them to the fresh air, not a moment too soon for all were almost suffocated by the fumes of the deadly afterdamp.

The work of rescue continued for several hours and by noon it was believed that all the imprisoned men had been released but about 20. It was found by the rescuers that the air currents through the mine were much better than at first supposed and this gave hope to the crowds of weeping women and children gathered about the mouth of the shaft, that all their relatives and friends would be brought to the surface in safety and little the worse for their terrible experience.

It is practically certain, however, that many of the miners are dead, for the deadly gas as afterdamp, which follows all explosions in mine workings, had gathered in large quantities near the connection between shafts No. 6 and 2, where the party of eight men were rescued. An opening was made in the mass of debris at the main shaft of No. 2 mine immediately after the eight men were rescued at the opposite end. At the bottom of the shaft hung the cage, a twisted mass of iron. A temporary lift was put into place and it was quickly manned and descended to the bottom, where over a hundred panic-stricken miners were found lying flat on their faces in an effort to get the only pure air in that part of the working.

They were loaded onto the cage and carried to the surface, where they were received with open arms by the members of the families who had gathered in great numbers when the report of the explosion was heard.

It is supposed the explosion was caused by an electric spark from off the ventilating fans touching off a pocket of gas that had gathered during the night.

Will Walt.

New York, June 8.—George Foster Peabody, chairman of the Gold Democratic national committee, commenting on the action of the executive committee said: "At our meeting last Friday we agreed that it would be wise for us to wait until after the Philadelphia and Kansas City conventions have been held before announcing what we intend to do this year. We will meet in Indianapolis three weeks after the holding of the Kansas City convention. By that time the declarations of both conventions will have been made and we will have had time to form an opinion as to what to do."

Saw President Kruger.

Lorenzo Marques, June 8.—United States Consul Hollis who returned here from the Transvaal by special train had a two hours' interview in close conference with President Kruger at Machadodorp. It is stated that Mr. Hollis was the bearer of friendly dispatches from the United States government urging Mr. Kruger to treat for peace.

DEMOCRATIC TICKET.

FOR CONGRESS.
J. N. KEHOE, of Mason County.

CONNECTICUT Democrats are right in line for Bryan and the platform to be adopted at the National convention.

KENTUCKY Republicans are evidently afraid they couldn't work the martyr racket with Taylor, so they have "induced" him to withdraw from the Gubernatorial contest.

A DISPATCH from Indianapolis intimates strongly that some Republican leaders of Kentucky forced Taylor out of the Gubernatorial race. And there's little or no doubt on that point.

It's amusing to see the Ledger's editor posing as a moral reformer. He was patting himself on the back yesterday for exposing Captain Longmire's alleged debauchery and drunkenness while here. While he's at this work why "make fish of one and flesh of another?" Has he forgotten about the escapades of certain other soldier boys the past year or so?

WHEN Mr. Taylor wired from Washington to know whether an indictment had been reported against him, the impression was created that he wanted to return at once and demand a trial. Subsequent developments, however, indicate that that was the least of his intentions. It is now intimated that he will remain a fugitive from justice and will not return to Kentucky to face the indictment against him for complicity in the Goebel murder.

THERE is at least one Goebel man in Maysville who has sense enough to step indors when it is raining. He took pains to personally compliment the Ledger for its expose of Captain Longmire and Sergeant McClure. There are so many that can't distinguish between the things that a private citizen may do without being subject to newspaper criticism, and the things that a public official may not do without laying himself liable to censure, that it is refreshing to note the action of the gentleman above referred to. A private citizen who transgresses the law injures himself only; a public official injures an entire community.—Public Ledger.

A private citizen, however, that sets himself up as a moral reformer ought to have a pretty clean record, don't you think?

QUITTS THE REPUBLICANS.

Clifford E. Nadaud, of Covington, has joined the Democrats.

COVINGTON, Ky., June 6.—Clifford E. Nadaud, a prominent Republican leader of Covington, announced to-day that he had renounced Republicanism and joined Democracy. He ran for Mayor of Covington on the Republican ticket last fall, but was defeated.

Recently Nadaud was charged with being a Goebel Republican by ultra Republican leaders, and this determined him to turn over to the Democrats. When interviewed he said: "The Democratic platform represents my ideas and principles. I am opposed to trusts and imperialism, and do not believe that we should longer hold the Philippines. The assassination of Goebel met with my severe condemnation, for I loved Goebel."

Splendid Freight Facilities of the C. and O.'s New Sidings.

With the completion June 1st of the Wormald siding at the foot of Limestone street and the new Poplar street siding, making a total of fourteen sidings within the three miles of city trackage, the C. and O.'s facilities for accommodating their patrons could not well be improved upon. Car load freight is placed upon any one of these sidings by the C. and O. free of charge, for unloading.

Investigation Ordered.

Assistant Adjutant General Murray has ordered Maj. J. Embry Allen to make an investigation of the alleged unbecoming conduct of Capt. Longmire and Sergeant McClure at this place.

A Life and Death Fight.

Mr. W. A. Hines, of Manchester, Ia., writing of his almost miraculous escape from death, says: "Exposure after measles induced serious lung trouble, which ended in consumption. I had frequent hemorrhages and coughed night and day. All my doctors said I must soon die. Then I began to use Dr. King's New Discovery for Consumption, which completely cured me. I would not be without it even if it cost \$5 a bottle. Hundreds have used it on my recommendation and all say it never fails to cure throat, chest and lung troubles." Regular size 50c. and \$1. Trial bottles free at J. J. Wood & Son's drug store.

ICE cream soda at Ray's fountain.

FEUD IN FLEMING.

The Heflin and Hamilton Brothers Engage in a Shooting Affray Near Poplar Plains.

POPLAR PLAINS, Ky., June 8.—Yesterday Jim and Emmet Heflin, two brothers, living two miles east of here, and Bill and Francis Hamilton, two brothers living in the same neighborhood, had a difficulty arising over the Heflin boys' attentions to Mrs. Hamilton and Miss Hamilton.

Hot words passed between them, when Emmet Heflin drew a 32-calibre pistol and opened fire on the Hamiltons, fourth shot striking Francis Hamilton just below the heart, inflicting a very dangerous though not necessarily fatal wound.

This only appears to be the beginning of the end, as the Heflins are at work in their tobacco field armed to the teeth and swear they will make it hot for the Hamiltons or any of their friends who come to arrest them.

Children's Day at the Christian Church. To-morrow is Children's Day at the Christian Church. At 9:30 a. m. the Sunday school will make its offering for foreign missions. At 7:30 p. m. an interesting program of songs and recitations entitled "Our Silver Jubilee," will be rendered by the school, assisted by members of the choir and by Prof. Bullet, violinist. The minister Howard T. Cree will deliver a short address and will also preach at 10:45 a. m. The public cordially invited.

DIED FRIDAY.

A Former Resident of the West End Passed Away at Benson, Franklin County.

Mrs. Julia Fradiana received a telegram Friday afternoon announcing the death of her brother, Mr. Tim McNamara, at his home in Benson, Franklin County. A wife and four children survive.

Mr. McNamara was born and reared in this city and was a son of Mr. John McNamara, who during his life resided in the West End.

He leaves many friends and relatives in this city and county who will regret to hear of his death.

You Must Advertise.

A duck which had laid several dozen eggs during the season complained that while her working record was better than the hen's the latter had books and poems written in her honor, while no one had said a word of praise for the duck. A wise old rooster standing by said, "You lay an egg and waddle off without saying a word, while that sister of mine never lays one without letting everyone in the neighborhood know it. If you want to cut any ice around here you must advertise."

MRS. CLEORA BRIGHT SAVAGE died at Winchester Thursday, aged seventy-eight years. She was a noted church worker in the Methodist Church and was one of the most prominent women in the State. More than half a century ago she married Rev. George Savage, who still survives her. He is the oldest minister in the Kentucky Conference.

MRS. BEN BLANTON died last night at 9:30 o'clock at the home of his parents, Mr. and Mrs. James Blanton, on Carmel street, in the twenty-first year of his age. He had been ill a year or so with consumption and dropsy. The funeral will take place Sunday afternoon at 2 o'clock at Sedden's Chapel, Rev. T. B. Stratton officiating. Burial in the Maysville Cemetery.

Mrs. T. REED CHUNN is at Wheeling, W. Va., where he has accepted the position of ceiling designer for the Wheeling Corrugated Iron Company. This company is one of the largest engaged in the manufacture of steel ceilings, and Mr. Chunn's position is a lucrative as well as very pleasant one. He has spent several years fitting himself for this line of work, and his work in sketching and designing brought him the place. Other young men might well follow his example, instead of frittering away the best years of their life in loafing and idling.

THE Kentucky Telephone Association has made arrangements to connect the central and northern counties in the State by metallic circuits, and this work will be carried out this year. The lines of the independent companies will be pushed toward Louisville, Cincinnati, Knoxville and other large cities on or near the borders of the State. Uniform toll rates and metallic circuits on all lines will be insisted on, and a mutual interchange of business will be made, while the companies will still retain their present status of independence. There are fifteen companies in the association.

There Are Few Business Concerns..

That retain the hold upon the public for so many years (over half a century) as ours.

In these years many clothing people have come here and after so long or short a time, like the Arabs, silently folded their tents and stole away. It is the ever watchful care of the interests of our patrons that makes our house the "Home Store." The majority deal here with a blind confidence born of many year's fair dealing. It is a common saying (you know it is) if you want the proper thing go to HECHINGER'S.

Our present stock in everything that pertains to our business is well worthy of your consideration.

WHY IT SUCCEEDS.

Because It's for One Thing Only, and Maysville Is Learning This.

Nothing can be good for everything. Doing one thing well brings success. Doan's Kidney Pills do one thing only. They're for sick kidneys. They cure backache, every kidney ill. Here is Maysville's evidence to prove it:

Mrs. W. F. Cooper, of 1,002 East Second street, says: "Doan's Kidney Pills are worthy of the fullest confidence and their great merit and effectiveness is quickly proven by a short course of treatment. Mr. Cooper procured Doan's Kidney Pills for me at J. Jas. Wood & Son's drug store, corner of West Second and Market streets. They are worthy of the strongest endorsement."

For sale by all dealers; price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

The Sixth Ward Bugle Horn.

[Brick Pomeroy II Editor.]

Departed this life, after a painful and protracted illness, at Washington, D. C., whether it had gone for medical treatment after exhausting all the prescriptions of the states of Ohio and Kentucky could give or suggest or good counsel advise, in a disease of heart, lasting from Jan. 30th till May 21st, 1900, the Republican party of Kentucky, age forty years, ten months, nineteen days, six hours, thirty minutes and sixteen seconds. During a greater part of this life suffering untold agonies and at times in convulsions, but would rally again only to be seized by a deeper relapse, it finally succumbed to the inevitable and expired.

Burial private. Friends invited. Please omit flowers and singing at the grave. Song to be sung after leaving the grave:

Hark from the tomb a doleful sound,
My ears attend the cry;

Ye lawless men come view the ground
Where all of us must lie.

Plunged in a gulf of dark despair
We writhed sinners lay,

Without one cheering gleam of hope,
Or spark of glittering day.

Wanted, agents to distribute Winslow Soothing Syrup.

Wanted, to buy a good second-handed returning board.

Wanted, to buy sand for the Republican party. Must be full of grit.

Wanted, to buy a dairy to raise the hopes of the Republican party.

Wanted, to buy a lot of yeast to put in the pot to raise funds for the November election.

Wanted, to buy a Goebel machine with attachments. Liberal price paid for one that will work.

Taken up as strays in Indianapolis, Indiana, two men, giving the aliases of Bill Taylor and Charles Finley. Owner can have by proving property and paying charges. Apply to Gov. Mount, with cash.

For sale, one hundred thousand promises made by Republicans in the election. Very much worn, but good as new.

Lost, strayed or stolen the Taylor men of Kentucky. When last seen, were making for Indiana.

For rent or sale—The residence known as the Taylor house somewhere in Kentucky. Plenty of water from tears shed over Goebel. Will sell at a bargain.

Reward, five bogus coppers to any one who will tell when Taylor will be Governor of Kentucky.

Found out, the new name of the Republican party in Kentucky—Dennis.

Found out, that it will not do to run Taylor for Governor as he is already running.

Don't Be Blind To Facts You Should Know

The Testing of the Eyes by a competent Optician is not a matter of guess work, nor is it a matter of trying on glasses promiscuously, but it is a science governed by principles which none but a person who

has studied the science of Optics can understand. We have, with years of experience and close application to properly fitting of glasses to the sight, acquired the knowledge of knowing how, a fact which certainly gives us a great advantage.

Come and let us examine your eyes and we will advise you regarding the true condition of them.
